Summary:	_____

He L.M. stating he had 5 follow-up questions.

He was disputing everything Re: Seizure, NRA, ACK letters, "monetary instruments" description. I told him to send me the five questions & that I would answer.

He said he knows the answer to the Appeal, that I don't know what I am talking about & that he would see me in court. He also accused me of aiding & abetting terrorism.
