Subject: re: CS 74472/4273-14-0724

Good Morning

I am getting the NRA (Notice of Reasons for Action) letter ready and need a supplementary narrative report from the primary officer. As the claimant is stating that he was never asked at primary about cash or financial instruments he carried, please have the primary officer submit a detailed narrative report with all questions posed to the claimant and his answers. The primary officer wrote in his primary report the following; "I asked all the mandatory questions as outlined on the E-67".

Please submit the following by COB November 3, 2014.

Please advise if this will not be possible before that date.

Ann Kendall
