

# Gold Bars

Choice and quality are signatures of gold bars from the Royal Canadian Mint. Available in mid-sized bars from the 1 kg gold bar, to the large 400 troy ounce gold London "good delivery" bar, the Mint's gold bar products come in sizes to meet every customer's needs. At a purity of .9999, gold bars represent a cost effective way to invest in gold from a world leading refiner, the Royal Canadian Mint.

The following are the approximate measurements.

These adhere to the LBMA standards, which can be found [here](#).

Weight (Oz):	400
Weight (g):	1,000.000
Purity (%):	99.99
Diameter (mm):	50.5
