

The Royal Canadian Mint offers a variety of wafer products, starting from small gold wafers in 1, 5 and 10 troy ounce weights. This mid-size product offers a balance between liquidity and purchase price. Their quality, purity and craftsmanship are unrivalled as a result of the Mint's globally recognized minting and refining capabilities.

Weight (Oz):	1	5	10
Weight (g):	31.110	155.584	311.088
