Summary / Sommaire :

Spoke with Mr. Hociung on Tuesday May 26, 2015 as he had left a voice mail asking as to what was the next step in the file as he has not heard from us in a little while. I responded that we had sent him the acknowledgment on the same day (May 26, 2015). I additionally asked, as per the April 2, 2015 phone conversation, if he had anything further to add or to send in (as I was going to give him a set date to do so over the phone). He responded that he did not have anything further to send in.
